Lightbox

The Basics

The Lightbox is Salamanca Art Centre's most intimate venue, and is encountered even before passing through the front doors. Commanding the best public location in Salamanca Place, the Lightbox is a square metre of window space available to approved artists to install works that utilise the attributes of this special exhibition space.

The Lightbox gallery is part of SAC's subsidised Access Galleries program and is offered to SAC Associate Members and SAC Resident Artists for FREE on the acceptance of an exhibition proposal.

The Lightbox is a window space beside the main entrance to the Salamanca Arts Centre (Young Building Entrance) on Salamanca Place and can be viewed by the public 24 hours a day.

SAC has an on-going curatorial program for artists to interpret the space with specific installations that reflect its dimensions and the passage of light through it. Each month showcases the work of a different artist's contemporary artworks, including sculpture, ceramics, jewellery and installation.

In May 2019 the Lightbox underwent some renovations: The old multi-pane window facing Salamanca Place was replaced with a single-pane of glass and the interior is now white. We hope that these improvements will assist in the visibility of the Lightbox and better showcase artworks.

Please note: The Lightbox is not a commercial display case for the sale of goods. However, artworks within the Lightbox installation may be for sale.

For this reason, SAC cannot guarantee that a specific plinth is available for a specific exhibition. Plinths cannot be booked or reserved in advance; plinths are available on a first-in-first-served basis and each gallery has access to the plinths to whatever plinths are in the storeroom as of the first day of their Hire Period. The Hirer is responsible for retrieving and returning the plinths to the storeroom, and the painting of plinths during their install.
